2014 ETC Annual Report of Waldron Telephone Company

Study Area Code 310734

Dear Ms. Dortch:

On behalf of Waldron Telephone Company ("Waldron"), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules. Waldron seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information. The redacted version is also being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the initial section 54.202(a) Five-Year Service Quality Improvement Plan.

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall JSI Vice President

Re: WC Docket No. 10-90, WC Docket No. 11-42 2014 ETC Annual Report of Waldron Telephone Company

> Study Area Code 310734 Request for Confidentiality

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Waldron Telephone Company (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

- 1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").<sup>3</sup>
- 2. Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission an initial section 54.202(a) Five-Year Service Quality Improvement Plan ("Five-Year Plan") which is contained in the attachment to the 2014 Report.<sup>4</sup>
- 3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

<sup>&</sup>lt;sup>1</sup> 47 C.F.R. §§ 0.457, 0.459.

<sup>&</sup>lt;sup>2</sup> 47 C.F.R. § 0.459(b)(1) through (9).

<sup>&</sup>lt;sup>3</sup> 47 C.F.R. §§ 54.313, 54.422.

<sup>&</sup>lt;sup>4</sup> See In the Matter of Connect America Fund, WC Docket No. 10-90, Order DA 14-591 (rel. May 1, 2014).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its March 5, 2013 Order, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories." Accordingly, because the Company is a rate-of-return carrier, it must file a five-year service improvement plan which contains proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

- 5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
- 6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has

<sup>&</sup>lt;sup>5</sup> See Connect America Fund et al., WC Docket 10-90 et al., Order, DA 13-332 (rel. Mar. 5, 2013) ("March 5, 2013 Order") at para 9 citing Section 54.202(a) (1) (ii).

been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

- 7. Any previous versions of this information are not publicly available.
- 8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
- 9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall JSI Vice President 301-459-7590

### LOCAL TELEPHONE EXCHANGE SERVICE

### LIFELINE SERVICE

### A. DESCRIPTION

- 1. Lifeline Service applies discounts to monthly recurring rates for qualifying residential customers. These discounts are applied to existing taiffed rates and charges for residential telephone service.
- 2. In order to be eligible for Lifeline Service a residential customer's household income must be at or below 150% of the poverty level as determined by the United States Office of Management and Budget and as approved by the State Treasurer or the customer must participate in one of the following federal assistance programs:
  - a. Medicaid
  - b. Food stamps
  - c. Supplemental security income
  - d. Federal public housing assistance
  - e. Low-income home energy assistance program
  - f. National school lunch program's free lunch program
  - g. Temporary assistance for needy families.
- 3. Lifeline Service includes the services and functionalities enumerated in bythe F.C.C. as follows: voice grade access to the public switched network; local usage; dual tone multi-frequency signaling or its functional equivalent; single-party service or its functional equivalent; access to operator services; access to interexchange service; access to directory assistance; and toll blocking for qualifying customers.
- 4. Other services can be provided with the Lifeline Service at applicable rates and charges.

### h. REGULATIONS

- 1. Regulations specified elsewhere in the Company's tariffs apply to Lifeline Service.
- 2. Lifeline Service is available only with residence services, excluding foreign exchange service. Lifeline Service is limited to one line per household at the customer's primary residence.
- A miscellaneous service charge does not apply when Lifeline Service is added or discontinued to existing service when that is the only work being done.
- 4. a. A discount of 20% of the Basic Local Exchange rate or \$11.25, whichever is greater, on the monthly rate for Basic Local Exchange Service for Lifeline customers is applicable. For Lifeline customers 65 years of age or more, the discount will be 25% of the Basic Local Exchange rate or \$12.35, whichever is greater. The total discount shall not exceed 100% of all end-user common line charges and the Basic Local Exchange rate.
  - b. The credit will be applied in the following order: (1) The Interstate End User Access Charge, National Exchange Carriers Association, Inc. Tariff F.C.C. No. 5, Access Service. (2) The balance of the credit, if any, will be applied as a credit to the Basic Local Exchange rate.
  - The Company will provide, at the qualifying customer's option, toll blocking service at no charge. The Company defines toll blocking as a service provided by the Company that lets the customer elect not to allow the completion of outgoing toll calls from their telecommunications channel.
  - d. The Company will not require a service deposit in order to initiate Lifeline Service if the qualifying customer voluntarily elects toll blocking service.
  - e. The Company will not disconnect Lifeline Service for non-payment of toll charges by qualifying customers.
- The Lifeline plan will apply after receipt and processing of a completed Company or community/government provided application, including documentation indicating that the household income meets the eligibility standards established above.
- Customers of Lifeline Service must notify the Company of any changes which would affect qualification.
  Reverification of eligibility will take place on an ongoing basis. When the customer is no longer eligible for Lifeline service, the Lifeline discount would be discontinued and regular tariff rates and charges would apply.

### LOCAL TELEPHONE EXCHANGE SERVICE

Exchange: WALDRON

### A. GENERAL

Issued: October 2, 2007

- 1. The provision of service at the rates shown below is subject to the regulations given in the General Rules and Regulations as they now exist and are filed with and form part of this Tariff.
- The rates shown below entitle the customer to messages without other charge to all stations bearing the designation of a central office of the following exchanges, which comprise the Local Service Area:

WALDRON HUDSON MORENCI PRATTVILLE RANSOM

Waldron will block calls dialed 1-plus to stations within the Waldron, Hudson, Morenci, Prattville or Ransom exchanges. Waldron will treat calls dialed without 1-plus as local calls and Waldron will bill those calls according to this tariff.

- The Company will designate local calls as "Local VNXX Calls" if they meet all of the following criteria:
  - a. The dialed phone number is associated with a rate center included in the calling party's Local Calling Area,
  - b. The end user associated with the called number is not physically located within the rate center associated with the dialed phone number,
  - c. The rate center in which the dialed party is physically located is not within the customer's Local Calling Area.
  - d. The provider of Basic Local Exchange Service to the dialed phone number does not agree to compensate the Company for those calls per the Company's applicable access tariff based on the jurisdiction of a call to the physical location of the dialed party, and
  - The Company has posted numbers meeting the above four criteria on the Company's website as Local VNXX Calls.

If a customer so requests, the Company will block direct dialing to all Local VNXX Calls.

### Waldron Telephone Company's Demonstration of Compliance with Applicable Service Quality Standards and Consumer Protection Rules

In establishing this certification in its 2005 ETC Order,<sup>1</sup> the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers." <sup>2</sup> The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement" and that the sufficiency of other commitments would be considered on a case-by-case basis. <sup>3</sup> In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement." <sup>4</sup>

Waldron Telephone Company ("Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under state law. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of The Michigan Public Service Commission (MPSC), as specified in Section 202(b) of the Michigan Telecommunications Act (MTA) and MPSC Case No. U-11103, which disclose rates, terms and conditions of service to customers; (2) adherence

<sup>&</sup>lt;sup>1</sup> Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("2005 ETC Order").

<sup>&</sup>lt;sup>2</sup> *Id.* at para. 28.

<sup>&</sup>lt;sup>3</sup> *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy." *Id.* at n. 71.

to Michigan state consumer protection requirements governing telephone providers, Prohibitions as identified in Sections 305 and 502 of the MTA, Costing Procedures as determined by the MPSC in Case No. U-11103, and Compliance with Anti-Slamming Procedures as adopted in MPSC Case No. U-11757 and Case No. 11900; and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

### Waldron Telephone Company's Demonstration of Ability to Function in Emergency Situations

Waldron Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and the Michigan Telecommunications Act (MTA). The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites in accordance with the specifications identified in Section 305c(a) of the MTA, 484.2305c Emergency power requirements; compliance.

Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."
